

Applicable standards: IEC 60273, 60168, 60273

Lightning impulse withstand voltage:

125 kV

Power frequency wet withstand voltage:

50 kV

Cantilever strength:

8 kN

Torsional strength:

1,2 kNm

Min. creepage distance:

550 mm

Material: Porcelain C-120, brown glazed

All flanges must be hot-dip galvanized

Approx. weight:

12 kg

Scale (%)	Drawn Janeček	Checked Ďurák	Date 23.03.2021	Ref. K20-0694-0-M-B
